KEEPERS

- Each team keeps 2 players every year.
- Keepers are slotted in rounds 15 and 16 of the draft.
- Keeper picks (rounds 15 & 16) cannot be traded under any circumstances.

! Anti-rental rule: If Team A trades a player to Team B, Team A cannot receive that player back directly from Team B. The player must pass through at least one additional team (Team C) before returning to Team A.

DRAFT

Draft date: August 27th at 7:30pm.

Keepers are due by end of day August 23rd. If not submitted in time, the commissioner will select the 2 highest ranked players on the roster based on Yahoo Rankings.

Draft order will be determined at my apartment building on Thursday, August 13th.

! There are NO redos or undos during the draft under any circumstance. Double check your selection before clicking Draft. The same way you are responsible for players you drop, you are responsible for players you draft.

WAIVERS & FREE AGENTS

Each team starts the season with a \$100 FAAB (Free Agent Acquisition Budget).

FAAB budget can be included in trades. Since Yahoo does not support FAAB trades, note the FAAB amount in the trade comments and notify the commissioner, who will adjust totals manually.

Once the playoffs begin, only playoff teams may use FAAB for waiver claims. Non-playoff teams may still add free agents.

! If you accidentally drop a player, they will NOT be returned to your team under any circumstance. Double check before dropping.

TRADES

All trades are pushed through by the commissioner. A trade will always be approved unless there is a suspicion of collusion.

! If a trade is suspected of collusion, it will be reviewed by the league. 6 out of 10 active members must vote to approve the trade for it to go through.

Trade deadline: Week 13 at 11:59pm EST (December 2nd). Yahoo settings will show no trade deadline — the agreed cutoff is end of day December 2nd, the night before the first game of Week 13. A trade counts as valid only when both parties have accepted it on Yahoo by 11:59pm EST on that date.

Through 2024	Trade deadline was the day before playoffs (end of Week 14).
2025 season	Trade deadline moved to Week 12 at 11:59pm.
2026 season	Trade deadline pushed back one week to Week 13 (December 2nd) following a league vote. Yahoo will show no trade deadline — the cutoff is 11:59pm EST on December 2nd, when both parties must have accepted on Yahoo.

Can't Cut List rule: A player on Yahoo's official Can't Cut List cannot be included in any trade that involves draft picks, unless both sides of the trade include a Can't Cut List player. Both players must be on the Can't Cut List at the time the trade is accepted — not just when it is proposed. Additionally, the number of Can't Cut players on each side of any such trade must be equal. For example, if Team A sends 2 Can't Cut players and picks, Team B must also send exactly 2 Can't Cut players back along with picks. You cannot send Justin Jefferson and a 2nd round pick for Gibbs, Amon-Ra, and a 1st round pick.

Through 2021	Can't Cut players could not be involved in any trade that included draft picks under any circumstances.
2022 season (8/12/22)	Rule updated: Can't Cut players CAN be traded in a deal involving picks, as long as BOTH sides of the trade include a Can't Cut List player at the time the trade is accepted. Trading a Can't Cut player for picks alone remains NOT allowed.
2026 season	Clarification added: the number of Can't Cut players on each side of a trade must be equal. If one side sends 2 Can't Cut players, the other side must also send 2 Can't Cut players.

PLAYOFFS

Top 6 teams qualify for the playoffs.

Seeds 1 and 2 receive a first-round bye (Week 15).

No reseeding — bracket is set at the start of playoffs and does not change.

Playoffs run Weeks 15, 16, and 17.

Championship game is played in Week 17.
