ROSTER

- 1 QB — Quarterback
- 2 RB — Running Backs
- 3 WR — Wide Receivers
- 1 TE — Tight End
- 1 FLEX — WR/RB/TE
- 1 SUPERFLEX — QB/WR/RB/TE (any position)
- 1 K — Kicker
- 1 DEF — Defense/Special Teams
- 6 BN — Bench spots
- 1 IR — Injured Reserve

SCORING

- PPR — 1 point per reception
- 6 points per passing touchdown
- Kicker fractional points — field goal points are calculated based on distance (e.g. a 39-yard field goal = 3.9 points)
- SUPERFLEX slot added in 2021 to replace the 2nd QB slot, giving teams more roster flexibility and reducing QB hoarding on the waiver wire.

2020 season	2nd QB slot was used, but caused issues with QB scarcity on the waiver wire.
2021 season	2nd QB slot replaced with SUPERFLEX (Q/W/R/T) — any position can start in this slot.

KEEPERS

Each team keeps 2 players every year.

A player is kept for the round they were originally drafted or acquired, with a 2-round penalty applied each additional year they are kept by the same owner. Example: a player drafted in round 4 costs a 4th round pick in Year 1, a 2nd round pick in Year 2, and a 1st round pick in Year 3.

If a team does not have the exact round required for a keeper, the price becomes the next higher round available. Example: if a keeper is owed a 7th round pick but the team only has a 6th round pick available, the 6th round pick is used instead.

Players drafted in the top 2 rounds cannot be kept.

A player can only be kept by the same owner for a maximum of 3 years. After 3 years they must be released.

Free agent pickups can be kept for an 8th round pick.

! If a player is traded, only the 3-year keeper counter resets to zero — the new owner starts fresh at Year 1. The keeper price and round bumps carry over fully to the new owner. Example: if a player was kept for a round 8 pick and was due to be kept with a round 6 pick the following year, those same rules still apply after a trade. The anti-rental rule also applies — if Team A trades a player to Team B, Team A cannot receive that player back directly from Team B. The player must pass through at least one additional team (Team C) before returning to Team A.

Keepers must be submitted before the deadline. If not submitted in time, the commissioner will select the 2 highest ranked players on the roster based on Yahoo Rankings.

DRAFT

Draft date: September 1st at 7:30pm.

Keepers are due by end of day August 25th. If not submitted in time, the commissioner will select the 2 highest ranked players on the roster based on Yahoo Rankings.

Draft order will be determined at the apartment building on Thursday, August 13th.

Snake draft format.

! There are NO redos or undos during the draft under any circumstance. Double check your selection before clicking Draft. The same way you are responsible for players you drop, you are responsible for players you draft.

WAIVERS & FREE AGENTS

Each team starts the season with a \$100 FAAB (Free Agent Acquisition Budget).

FAAB budget can be included in trades. Since Yahoo does not support FAAB trades, note the FAAB amount in the trade comments and notify the commissioner, who will adjust totals manually.

Once the playoffs begin, only playoff teams may use FAAB for waiver claims. Non-playoff teams may still add free agents.

! If you accidentally drop a player, they will NOT be returned to your team under any circumstance. Double check before dropping.

TRADES

All trades are pushed through by the commissioner. A trade will always be approved unless there is a suspicion of collusion.

! If a trade is suspected of collusion, it will be reviewed by the league. 6 out of 10 active members must vote to approve the trade for it to go through.

Trade deadline follows Yahoo rules and is set to Week 11. No trades will be processed after the Week 11 deadline.

Can't Cut List rule: A player on Yahoo's official Can't Cut List cannot be included in any trade that involves draft picks, unless both sides of the trade include a Can't Cut List player. Both players must be on the Can't Cut List at the time the trade is accepted — not just when it is proposed. Additionally, the number of Can't Cut players on each side of any such trade must be equal. For example, if Team A sends 2 Can't Cut players and picks, Team B must also send exactly 2 Can't Cut players back along with picks. You cannot send Justin Jefferson and a 2nd round pick for Gibbs, Amon-Ra, and a 1st round pick. This rule has been implemented to continue to add balance to the league wherever possible.

Through 2024

One Can't Cut player could be traded with only picks, with no requirement for the other side to include a Can't Cut player.

2026 season

Rule updated: Can't Cut players CAN be traded in a deal involving picks, as long as BOTH sides of the trade include a Can't Cut List player at the time the trade is accepted. Trading a Can't Cut player for picks alone is no longer allowed.

2026 season

Clarification added: the number of Can't Cut players on each side of a trade must be equal. If one side sends 2 Can't Cut players, the other side must also send 2 Can't Cut players.

! Top 10 QB rule: In a SUPERFLEX league, QBs carry significantly more value than in standard formats. To reflect this, the top 10 QBs by Yahoo scoring rank are also subject to Can't Cut List trade rules — they cannot be traded for picks alone. If picks are involved in a trade with a top-10 QB, both sides must include a Can't Cut List player (or top-10 QB). If a player appears on both the Can't Cut List and the top-10 QB list, the overlap will not create an extra slot.

! Timing: Yahoo's QB scoring rankings at the exact moment the trade is ACCEPTED determine whether a QB is in the top 10 — not when the trade is proposed or reviewed. The moment of ACCEPTANCE is final.

PLAYOFFS

Top 6 teams qualify for the playoffs.

Seeds 1 and 2 receive a first-round bye (Week 15).

Playoffs use reseeding — after each round, remaining teams are reseeded so the highest remaining seed always plays the lowest remaining seed.

Playoffs run Weeks 15, 16, and 17.

Championship game is played in Week 17.

FEES & PAYOUTS

Buy-in: \$200 per team, due by draft day.

2021 season	Buy-in was \$125. Payouts: 1st \$1,250 / 2nd \$300 / Points Leader \$250.
Previous season	Buy-in was \$175.
Current	Buy-in increased to \$200. Payouts: 1st \$1,800 / 2nd \$400 / Points Leader \$200.

1st Place (Champion): \$1,800 — 9x buy-in

2nd Place: \$400 — 2x buy-in

Regular Season Points Leader: \$200 — 1x buy-in

! Last place (based on regular season standings) must purchase the championship ring for the winner (minimum \$100 value), due once the season is over.
